

Independent Schools Surf Championships

Update – Friday 23rd October

Early Surf Forecast – It looks like we will have a moderate swell on Wednesday, good conditions on Thursday, with it increasing on Friday. All in all, the conditions are looking positive. We will be assessing the conditions regularly, and updating the itineraries on each day.

Looks like a bit of typical Cornish weather – sunshine, rain and wind! Bring jackets and warm jumpers.

Meals – Only those on the FULL accommodation included package have the meals included at Seiners, we recommend all pupils and competitors have enough money for food here, anyone competing will have a deal on food (£20 a day for should be fine).

General Updates

Steve Bough – We're excited to announce that the Wavelength Surf Magazine Editor Steve Bough will be giving a presentation on Wednesday evening.

Harry Timson – Harry is widely recognized as the UK's most exciting young surfer, as well as being involved in the coaching, he will also be one of the event judges, and present for the event duration.

Sam Lamiroy – In addition to being Contest Director, Sam, who is a British Surf Champion and 20 year World Surf Tour Campaigner, will be giving a talk on Thursday night on "Life as a Pro Surfer."

Luke Gartside – Wavelength's Editorial Assistant has been confirmed as event photographer, and videographer.

Nixon – Will be supplying a range of prizes, and involved as an event sponsor.

Wednesday – 28th October
